

COULD YOU FOSTER A TREE?

Then plant it during Penn Climate Action's November community tree planting events?

If so on March 6, bring a plant pot full of soil 8inch width or bigger to either

Windsor Playing fields,
Windsor Avenue
entrance 10 –12 noon

OR

Manor Park, Mount Road
entrance 1–3pm

You can choose your young tree, which we will pot up for you to take back home and keep over the summer. Then you will be asked to return to plant your tree in one of our lovely parks.

If the weather is very bad this will take place the following Saturday
