

We have 400 young trees which cannot be planted until November. Would people be prepared to foster a tree do you think? We are thinking of asking people to come to Windsor or Manor Park one Saturday, with a big plant pot full of soil, choose a tree, then we will put it in their pot for them to look after over the summer. Then we will ask people to bring them back and plant them during our Community tree planting events in November. Do you think your Parishioners would be interested in doing this? Would church groups be interested do you think? I would really appreciate your feedback on this idea. If interested please email Carol on: chyatt106@hotmail.com

Penn Climate Action meeting

Thursday 18th February

7.30pm

ALL WELCOME

Guest Speaker

Climate Change Champion

Cllr Barbara Mc Garrity

Zoom ID 728 2022 4676
